### **VOLUNTARY ANNOUNCEMENT**

#### **DEEPENING STRATEGIC PRESENCE IN AI AND EXPANDING AI SPORTS AND LOW-ALTITUDE ECONOMY ECOSYSTEM**

This is a voluntary announcement made by Ourgame International Holdings Limited (the “**Company**”).

The Company is pleased to announce that Beijing Lianzhong Co., Ltd.\* (“**Beijing Lianzhong**”) (a wholly-owned subsidiary of the Company) and Beijing Sanzuwu Consulting Co., Ltd.\* (“**Sanzuwu**”) have entered into the Investment Agreement. Pursuant to the Investment Agreement, Beijing Lianzhong will subscribe for 51% of the enlarged registered capital of Sanzuwu. Upon Completion, Sanzuwu will become a non-wholly owned subsidiary of the Company. Detailed terms are set out in the announcement titled “DISCLOSEABLE TRANSACTION SUBSCRIPTION OF REGISTERED CAPITAL OF THE TARGET COMPANY” issued by the Company on the same day.

The core team of Sanzuwu possesses substantial strength, including world champions in model aviation, industry-certified experts, and senior engineers. It possesses multiple inventions, utility model patents, software copyrights and boasts the first unmanned airport in the Southwest region and the largest drone training and piloting base in the PRC (covering an area of over 200 acres) in Chengdu, covering a complete business ecosystem such as the R&D of AI drone, AI system integration, drone competitions and talent training and examination. It possesses deep technical accumulation and robust innovation capabilities in areas such as R&D of technology, application deployment, talent training, and scenario operations and it holds rare qualifications such as the Sichuan No. 01 Examination Center qualification from the Civil Aviation Administration of China, the China ASFC Model Pilot Certification Base, and the Civil Aviation Administration’s Unmanned Aerial Vehicle Flight Training License.

After this transaction, the Company also plans to build gaming and eSports entertainment venues at the training base of Sanzuwu, and further enhance its strategic presence in the AI domain through this investment. It aims to proactively integrate the advantageous resources of both parties, leveraging the Sanzuwu's expertise in low-altitude economy and drone applications, while deeply integrating with the Company's strengths in casual gaming IPs, tournament systems, and live streaming platforms, to establish a multi-dimensional ecosystem and brand matrix centered around "content + technology + users + scenarios", with AI serving as the foundation. The Company will collaborate with Sanzuwu to plan and operate AI drone intelligence competitions, aiming to create a benchmark for "new intellectual sports" that is highly entertaining, technically challenging and of great application value; the Company will also explore the establishment of a professional platform and a standardized competition system for AI drone sports. Meanwhile, by integrating the practical experience from these competitions with cutting-edge technologies, the Company will launch technical training courses tailored for different levels and establish an information-based examination system, thereby building an innovative talent ecosystem that combines competitions and training.

The Company will continue to deepen its strategic presence in the AI domain. By means of investment and in-depth cooperation with industry-leading partners, the Company aims to accelerate its accumulation in AI technology domain, enhance its core competitiveness and further solidify its development strategy of actively embracing innovative technologies, thereby creating long-term value for shareholders.
